Comparative Education Service

Research / Information / Evaluation

October 16, 1989.

TO WHOM IT MAY CONCERN:

Re: Mr. Stanislaw Bleszynski

Credentials of academic standing were submitted to the Comparative Education Service for interpretation and appraisal.

According to these documents, the above-mentioned person registered for a program of studies, in the Faculty of Physics, at the University of Warsaw, Warsaw, Poland. This University is a member of the International Association of Universities.

Degree or Diploma obtained: Diploma and title of Magister (Master) of Physics, majoring in Geophysics (Space Physics), in [REDACTED], with an overall grade of "Very Good".

The grading system is as follows: Very Good, Good, and Adequate.

We would consider Mr. Bleszynski's qualification of Magister to be comparable in level to a Master of Science degree in Physics from a reputable Canadian university.

This assessment is for general and employment purposes only, and it does not constitute an offer of admission to a university.

Olga Kindiakoff,  
Administrative Officer.
